#### **Information About Colleges:**

#### \* Arts, Science and Commerce College, Chikhaldara

Sipna Shikshan Prasarak Mandal, Amravati is established with the specific goals and mission of overall development of the people in Melghat, a tribal, remote, hilly and backward region in Amravati and Akola district of Maharashtra state. Melghat comprises of Chikhaldara and Dharni tahsil and part of Achalpur, Anjangaon Surji and Akot tahsil. Melghat is hilly terrain at the northern extreme of the Amravati district of Maharashtra. Melghat means 'meeting of the ghats', which describes the area as a large tract of unending hills and ravines scarred by jagged cliffs and steep climbs. It is renowned for 'Melghat Tiger Project' and 'Gugamal National Park' worldwide. Presently, the total area of the reserve is around

1677km<sup>2</sup>. The forest is tropical dry deciduous in nature, dominated by teak (Tectonagrandis). Chikhaldara is a Hill Station, famous tourist destination and a municipal council in Melghat. Chikhaldara is the sole hill station known as the 'Nandanvan of Vidarbha', situated at an altitude of 1118 mtrs with Vairat point at 1188 mtrs. Also, it has the added dimension of being the only coffee-growing area in Maharashtra. The place has a rich variety of flora and fauna with the nature's beautiful architecture spread all over the region.

Arts, Science and Commerce College, Chikhadara, Distt.: Amravati came into existence in 1996 with an intention to impart higher education to the tribal at their very door steps and ensure their well being, growth and safety. The college is assessed and accredited by NAAC, Bengaluru with B++ grade (CGPA2.77) in 3<sup>rd</sup> NAAC cycle. The college offers degree courses like B. A., B. Sc., B. Com with traditional and advanced subjects and M. Sc. (Environmental Science). Whereas in UG science stream there are innovative subjects like Petrochemical Science, Food Science, Apiculture, Industrial Chemistry and Environmental Science. The college run recognized research centers for the subjects English, Physics, Botany, Mathematics, Chemistry, Environmental Science, Marathi, Hindi, Political Science and Sociology. Besides this, the college runs various add-on and certificate courses.

Career Guidance Cell established in 2003 is one of the active and student centric committee of the college, which has been continuously working for overall development of the students. Every year the cell organizes various activities and provides services like-General Knowledge Test, Science Aptitude Test, Essay Test, Guest Lecture Series, Add On Course On Personality Development, Add On Course On Soft Skills Development, Career Counseling etc The cell also extends its expertise/services to other institutes.

## Workshop on Use of Language Learning Apps

#### Objective:

During pandemic period students faced many problems in language learning. Even after pandemic, requirement of learning various languages increased for procurement of jobs and grab many opportunities in the different sectors. No doubt, English is one of the prominent languages in the world, but in the period of globalization, need of learning new languages simultaneously emerged all over the world. Students also expressed their interest in learning new languages like, French, Spanish, Japanese, and Russian etc. So, we found that the language learning apps can significantly contribute to develop the interest of students and decided to organize workshop on how to use and utilize these apps in their day to day life to develop their language learning skills.

#### Activity:

Online apps like Duo lingo, Memrise, Mango, Little Pim, Rosetta Stone, were shown to the students on smart board and explained them how to use them effectively. Students interestingly participated in discussion and expressed satisfactory views about the workshop. Thirty Six students from all faculties attended the workshop and assured to use these apps in their-academic pursuit.

#### माय मराठी

''लाभले आम्हास सौख्य बोलतो मराठी, जाहले खरेच धन्य ऐकतो मराठी'' किती परिपूर्ण वाक्य आहे ना हे वाक्य ऐकल्यावर आपल्या कानांनाही तृप्त झाल्यासारखे वाटते, म्हणूनच आपल्याला इतके माधुर्य वाटते ऐकताना. ज्ञानेश्वर महाराज मराठी भाषेचे कौतूक करताना म्हणतात की, माझ्या मराठीची बोलू कौतूके परी अमृताची ही पैजा जिंके। ऐसी अक्षरे रिसका मेळिवन। अमृतावूनही गोड असलेली मराठी ही आपली मातृभाषा आहे. मराठी भाषा ही आपल्याला आईसारखी आहेच. पण ती आपली एक प्रिय सखी सुध्दा आहे.

पण या गोष्टीत बदलत्या काळानुसार बदल झाला आहे. आजकाल आपण २७ फेब्रुवारीला मराठी दिन आनंदाने साजरा करतो. जर आपण हा दिवस आपल्या भाषेच्या अभिमानाने साजरा करत असतो तर काहीच हरकत नाही. अर्थात यात गैर काहीच नाही पण खरंच आपण तो दिवस अभिमान म्हणून साजरा करतोय का? उत्तर नाही असाच आहे. आपली मातृभाषा लोप पावत चालली आहे. तीला जपून ठेवले पाहिजे, हा या मागील उद्देश असतो पण खरंच एका दिवसात आपली भाषा जपून ठेवल्या जाऊ शकते का? पण मुळातच मराठी ही आपली जननी आहे, तिला आपण कसे काय जाऊ देऊ शकतो. काळ बदलत असतो हो, पण आई कशी बदलू शकते.

पण आजकाल नवीनच एक चालू झालाय पुढे जाऊन जर आयुष्यात यशस्वी व्हायचे असेल तर इंग्रजी माध्यमाच्या शाळेत प्रवेश घेतला पाहिजे. मराठी ही माहिती देवाण-घेवाणसाठी घेतली जाऊ शकते. पण तिचा वापर करण्यासाठी आपली भाषा लोप पावत जात आहे. हे कितपत योग्य आहे. आपली भाषा जपून ठेवली पाहिजे आणि ती आपलीच जबाबदारी आहे. आपली मातृभाषा ही आधीच परिपूर्ण आहे. आणि तिला तशीच ठेवण्याची जबाबदारी आएली आहे.

माझ्या मराठी मातीचा, लाव ललाटास टिळा, हीच्या संगाने जागल्या, दऱ्या खोऱ्यातील शिळा.

## 2. (A) Precise the following passage in your own words.

05

When women get married, they have many dreams and aspirations for the new phase of life. They dream of having a good family and children. In India, however, pregnancy is often followed by the question of whether the unborn child is a girl or a boy. In our country, many people have a major obsession with sons. They think that a son is a cause for joy and lifetime security, and celebration. They have the view that a girl child is a cause of an economic drain as her marriage and dowry will crush the family under a huge burden of debts. Besides, we live in a patriarchal society where sons will always be preferred over girls as they are seen as lesser prized objects and weaker than men. Moreover, the social custom of India to marry off their daughters into a family of higher status is also a root cause of this issue, and the kin of the groom demands huge dowry consisting of a certain amount. Especially in rural areas, men are believed to take care of the family heritage and pass on the family lineage while protecting the family name. This proves that even though women's empowerment is an important subject in this era, people still do not believe in equality, due to the backward thinking of certain people around the world.

Exercise has gained a lot of attention in the last few years. It is considered important for good health and keeps away various physical ailments and diseases. People are now more interested in staying fit with the help of different fitness programs available today. However, along with this increased awareness about fitness, the number of people suffering from obesity has also gone up. Most people do not realize that most health issues can be controlled just by making a few changes in their dietary and fitness habits. It is never too late to bring about a change in your lifestyle if you have gained some extra pounds or are suffering from any other unhealthy condition. All it takes is a little effort on your part.

Exercise helps in weight loss or weight control. The amount of fat that a person carries on their body can be reduced or controlled through regular exercise. The fat content of the blood that circulates throughout the body is significantly reduced through exercise. Studies have shown that underweight and overweight women benefit most from regular exercise because their bodies

respond better to it. Exercise is beneficial for the health of a pregnant woman and also helps her deliver a healthy baby. The heartbeat rate of a pregnant woman increases during exercise because the body is more active, and your heart has to pump blood faster. Exercise also helps in regulating high blood pressure, which often occurs during pregnancy.

Social media has made a great impact on the way we interact and conduct our lives. People can now keep in touch with their friends, family members, and even businesses without putting in too much effort. Through social media, people get all the necessary information that they need to progress successfully in life. Sites like Twitter, Facebook, Google +, and other social networking sites have become a part of our daily routine. We spend hours browsing through these sites instead of concentrating on more important things like education or work. This can prove to be very dangerous for children's mental development and growth as it takes their focus away from getting educated. It is very important to regulate the time spent on social networking sites by both children and adults because it can bring about a lot of evils and health issues in our lives, such as overexposure to violence, nudity, and explicit content on these sites can lead to mental trauma amongst people of all ages.

Social media can greatly improve our lives if used properly, but it can also be very damaging for the growth of children and adults alike if put to the wrong use. It is always advisable that you spend more time focusing on other things in life rather than getting lost in the

### 2. (A) Precise the following passage in your own words.

05

Global warming is a hike in the average global temperature on earth. Burning of excess fossil fuel and the release of toxic fumes into the atmosphere is the major cause behind global warming. Global warming can have disastrous effects on living organisms. The impacts of global warming are widespread and unspecific. Some areas experience a sudden rise in the temperature while others witness a sudden fall in it.

The major reason for global warming is the burning of fossil fuel for energy. It has been noted that the average temperature on the earth has increased by 1.5 degrees Celsius in the past decade. This is a reason for worry as it can damage ecosystems and might result in the disruption of the environment. Global warming can be checked if we take concrete steps towards restoring the lost vegetation in our forests. We can also use clean energy sources like wind energy, solar energy, and tidal energy to check the rise in global warming.

A COVID-19 preventive vaccination campaign was conducted in Jijamata Mahavidyalaya, Buldana on 26th October with the courtesy of District Government General Hospital, Buldana. Principal Dr. Prashant Kothe and Principal Dr. Devde welcomed Ms. Priyanka More, Mr. Dinesh Jadhav, Ms. More and Ms. Nisha Ingle who get vaccinated at the beginning of the vaccination program on behalf of the college. Vaccination is the panacea when the whole world is affected by Corona epidemic. Sant Gadge Baba Amravati University, Amravati has given permission to start colleges after almost 18 months due to Corona epidemic. But since the outbreak of Corona is still not reduced, the University has ordered that the students who have not taken the vaccines should not be admitted to the college and the students who have not taken the vaccine should be taught online like last year. Due to this reason, this vaccination campaign was organized by Jijamata Mahavidyalaya, Buldana in association with the NSS and NCC units. The vaccination campaign was successful due to the efforts of CTO and IQAC Coordinator Mr. Subodh Chinchole, NSS Officer Dr. Dnyanoba Kande and Dr. Vandana Kakde and Dr. Rajshree Yewale. 125 students and staff benefited from vaccination. Present Campaign was taken under the guidance of Principal Captain Dr. Prashant Kothe. For this drive students, teachers, non-teaching staff of the college were present.

**Medicinal Nursery Management Course** 

#### REPORT

Department of Botany organized the 12 days (36 hrs) certificate course successfully. The objectives of this course were achieved up to good level as per expectations, along with learning the subject. Many circumstances were faced to complete this course due to Covid-Pandemic situation, so the first batch (2020-21) joined to second batch (2021-22) after this pandemic period. Finally, all the lectures and practical were done together by the students of both both batches. There was total 20 students per batch (Total 40) from life science background allowed to admit. The students who passed this course were trained with some techniques. By using this knowledge students will develop their 'Medicinal Nursery Management' skills and these outputs will cheer us to improve this course better.

2. Workshop on introduction to Google Classroom

### DEPARTMENT OF BOTANY AND MICROBIOLOGY

Workshop on Introduction to Google Classroom for students

#### Action Taken report

Due to Covid 19 Pandemic situations lock down declared by government for academic year 2020-21 (Remaining batch of B. sc. 3rd year from 2019-20). So, it is very difficult to come to college and learn everything as learning in regular classes. For some time, it becomes difficult to cover the curriculum activities in college. To overcome this situation, we searched a lot of ways through which we can find out the solutions on this problem. One of the greatest creations by Google came to help us that is Google classroom. In this activity we tried this to makes students familiar to use this new mobile application initially then started our stopped work again by the help of Google classroom application. Most of our students are having the rural or below poverty level background (BPL). It is very rare to have a many facilities like computers, cameras at their homes. This is the main reason that we have to make them familiar with the easily available mobile phones and the Android Google classroom app. After using this Google classroom Android application, we were able to continue our class works. Mr. Ananta More head of Botany created separate classrooms as per their B. Sc 1<sup>st</sup>, 2<sup>nd</sup>, 3rd at google classrooms. Each student from Class can easily communicate with their teachers and classmates as like in classes. Students can submit their assignments while teachers can assign it. The google classroom has very good support from other google applications like google meet through which it is possible to conduct the live video lectures along with many teaching facilities available in it. One important support from google forms so becomes easy to plan the regular tests. Learning this google classroom help us a lot.

Year-2017-18

#### REPORT

The Information Technology program is designed to provide the basic foundation, skills, and knowledge for computer networking, applications, and support, along with an introduction to programming. Students will develop the skills necessary to prepare for certification exams and will learn how to develop, support, and integrate computing systems. They will acquire network planning and management skills and the ability to provide technical support. The program will provide hands-on experience in computer systems support and skill in network setup and maintenance.

The Information Technology program enhances intellectual and professional development of students.

#### Objectives:

The main objective is to introduce IT in a simple language to all undergraduate students, regardless of their specialization.

It will help them to pursue specialized programs leading to technical and professional careers and certifications in the IT industry.

The focus of the subject is on introducing skills relating to IT basics, computer applications, programming, interactive medias, Internet basics etc.

#### **Learning Outcomes:**

At the end of this course, student should be able to

- (a) Understand basic concepts and terminology of information technology.
- (b) Have a basic understanding of personal computers and their operations.
- (c) Be able to identify issues related to information security.
